Janet Luhmann and James Stevens, Jr., Wed in 1st Presbyterian Chapel, Chicago

The McWilliams Memorial chapel in the First Presbyterian church at 64th and Kimbark in Chicago was the scene of the wedding of Miss Janet Luhmann and James Edward Stevens, Jr., Saturday, July 7. The ceremony was held in the afternoon at 4 o'clock with the uncle of the bride, Doctor Roland Luhmann, pastor of the Pilgrim Congregational church of Youngstown, Ohio officiating at the double ring ceremony. Associate pastor of the church, Rev. Emil G. Sauer, assisted.

The bride is the daughter of Mrs. Robert C. Luhmann, 5722 South Maryland, Chicago. The bridegroom is the son of Mr. and Mrs. James Edward Stevens, Sr., Cooper street, New Lenox.

The bride was escorted by her brother Phillip Robert Luhmann to the altar decorated with bouquets of white asters. Torwerth Prosser was the organist, and played several selections.

The bride wore a gown of champagne nylon trimmed with heirloom lace, featuring illusion neckline, three-quarter length sleeves and full skirt. Her nylon tulle veil was held in place by a halo cap of lace. She wore golden slippers and carried a colonial bouquet of sweetheart roses.

Her matron of honor was Miss Mary Beth McFarlan of Lexington, Ky., a Zeta Tau Alpha sorority sister. She wore a turquoise imported organdy gown. It duplicated the features of the bride's gown. Her net cap matched the gown, and she carried a bouquet of American Beauty roses.

As we go to press 5 candidates have filed petitions for their names to appear on the ballot for the election to be held July 31, for members of the Board of Education of the new formed high school district No. 210. This district has been formed by the cooperation of Frankfort township, a part of New Lenox township and a part of Manhattan township and for the benefit of all in the area that these comprise. Every voter using his best judgment wants every village to have fair representation on the governing board.

Petitioners to date are George Bovee and Lester Kase, of Manhattan, J. Earl Robinson and Lowell M. Webb, of New Lenox, Bovee of Manhattan, Albert Krusemark, Jr., of Frankfort, Lawrence Kohl, J. Scott Perry and Charles Swanberg of Mokena.

Voters of the other towns are already expressing their alarm at the apparent desire of Mokena voters to take over more than their share of the board membership. We recommend that voters in each village cast their ballots with the thought of having consideration for each village in this combination knowing that for the harmony and continued success of this project we must COOPERATE.

It can be easily understood why it has been recommended that the men who have worked on the survey for the past four years are in a position to render more competent service on this board.

The election scheduled to be held Saturday, to vote for a Board of Education was cancelled because of a new law recently passed by Illinois state legislature, requiring a seven-man board instead of a five-man board. The election will be held Tuesday, July 31, when a board of seven men will be elected to conform with the new law which requires the additional number of members for every board organized after July 1. After next April all boards will be composed of seven members.

N. E. Hutson, legal advisor to the state superintendent of public instruction, advised county superintendent of schools, Louis F. Bottino on this matter. Under the new school law a special school election may be held on any week day and this is the first time one was ever scheduled other than on a Saturday. The general regular school election must be held on the second Saturday in April. Candidates for membership on the new board must file their petitions not later than 5 p. m. on July 20, and the six men who filed previously will be required to file new petitions.

four fraternity brothers of the groom.

A reception was held in the Phi Delta Theta fraternity house. Mrs. Luhmann, mother of the bride, wore an aqua dress with black accessories and an orchid corsage. The bridegroom's mother wore a French blue summer dress with white accessories and a pink Camelia corsage.

A wedding dinner for the immediate families was held at the Phillips and Phillips dining room.

The young couple left on a wedding trip to Ohio, Kentucky, Smoky Mountains and Mammoth Cave. The bride wore for traveling a tailored suit of beige linen with black accessories, with the orchid from her bridal flowers.

The couple will reside in an apartment on Drexel Boulevard in Chicago where the bridegroom is a member of the staff at the American Correspondence school in Chicago.

The new Mrs. Stevens is a graduate of Miami University at Oxford, Ohio. The groom graduated from JTHS and Joliet Junior College, and received his master degree in English from the Chicago university.

Out of town guests attending the wedding were: Mr. and Mrs. Porter Olson of Sheboygan, Wis. Dr. and Mrs. Carl Porter Olson of Saginaw, Mich., Mrs. Peter Olson, Rockford, Mrs. Frank Bonn, Mr. and Mrs. C. C. Slater, Mr. Robert Bonn Slater of Milwaukee, Wis., Mrs. F. W. Winter, Hampton, Va., Mr. and Mrs. George Geppner, Peoria, Miss Nancy Keifer, Dayton, Ohio and Mr. and Mrs. Millard Stewart of Downers Grove.

Frankfort Homecoming a Huge Success

Moore, LaGrange, TV; Jim Kramer, Chicago, power lawnmower; hourly awards went to Ervin Lembke; boudoir lamps; Donald Oetter, two slabs bacon and a ham; Lester Heisner, radio; Bonnie Fredin, set copper-bottom kettles; Alfred Zechlin, steam electric iron and Roger Lenhart, window ventilator, all these from Frankfort. Also Mrs. Bror Johnson, Joliet, combination table and lamp; Elmer Runge, Peotone, electric toaster.

Frankfort to Issue 'Waterworks Bonds'

The village of Frankfort will issue bonds to the amount of \$15,000.00 to pay for part of the cost of constructing extensions and improvements for the village water system.

An ordinance was adopted May 7 of this year to provide for the issue of the bonds and allow the levy and collection of a direct annual tax to pay the interest and principal of them. A legal notice about the project appears elsewhere in this issue.

He Likes Mokena

A pleasant surprise came to us this week when a Chicago friend sent us a page from the South End Reporter, one of Chicago's good weekly newspapers.

There in Mrs. Hilda Butler Farr's column, "Farr Horizons" was the following wonderful verse about dear old Mokena. Seems some visitors have caught the spirit of our little village which its residents love and which makes Mokena what it is. Many Mokena people say, "Anyone can find city life in any city, but the quite slow but sure progress in a cooperative way can only be found in a few places like Mokena."

We are glad when our city friends find that spirit and appreciate it.

MOKENA

I don't think I've ever seen a Spot as peaceful as Mokena. Here, where cornstalks wave and rustle,

Far from rattle, roar and bustle, Farm and city folks abide, Living happily side by side, Thirty miles, perhaps, from Chi On the main line of R. I.

Lazy Hickory creek goes winding Through the wooded hills, and finding Now and then a splendid view For a photo fan like you.

Tranquil things are all around, Hawks fly low and rabbits bound. Some may think perhaps I lean a Bit too far towards old Mokena. If you think this question moot, If you would this claim dispute, Well sir, then here's your subpoena For a trip to old Mokena.

—Charles A. Singler

I know everyone will agree with us and Mr. Singler that the above is a splendid poem and of which all Mokena is proud. Thank you Mr. Singler, for those lovely words and to Editor Roger Noon of the Reporter for the consent given to reprint it. Also thank you Mrs. Farr, our friend, for finding value enough in the poem to include it in your column.

We would like to meet Mr. Singler when he next makes a trip to our fair village. Our Homecoming is to be August 17, 18 and 19 and it might be nice for you to pay us a visit in what will then be a bustling, live-wire city.

Edward Laufer has been employed by Electro Motive, of La Grange, since his separation from service as a commissioned officer in the Air Corps, overseas during World War II.

He has been making his home in Mokena but plans to move his family to Frankfort as soon as he finds living quarters there. His many friends wish him success in his new venture.

The Schuldt family reunion was held Sunday in the Geuther picnic grove on route 45. There were 200 present who came from Tinley Park, Blue Island, Frankfort, Chicago, New Lenox, and Mokena. Potluck dinner was enjoyed at noon, followed by various games.

Prizes were given to the oldest man and woman who were Mr. and Mrs. Charles Schuldt, of Blue Island, and to the youngest person, who was the two month old daughter of Mr. and Mrs. Edward Laufer, Patricia Louise.

The committee elected to have charge of the reunion next year are Mr. and Mrs. Warren Mancke and Mr. and Mrs. Ray Mulderink of Tinley Park. Serving this year were Mr. and Mrs. Earl Moss, Mokena, and Mr. and Mrs. Alfred Mager of New Lenox.

ANNOUNCE ENGAGEMENT

Mokena Girl Given Additional Honors

Miss Joanne Martie, daughter of Mr. and Mrs. Willard Martie of Mokena, who has made an outstanding record during her years as a student at JTHS and the Joliet Junior college, was awarded a scholarship this week at the University of Illinois, where she enrolled for entry in September.

The Wright, scholarship was given to her for her scholastic standing at the Joliet Township schools. She has received many honors during her attendance there.

Homecoming Supper To Feature Pancakes

P's and Q pancakes and queen are in the plans going forward for two of the important features of the Mokena Homecoming, which is to be held August 17, 18, and 19.

Nominations for the Homecoming Queen are now being received. Candidates must be at least 16 years of age but not over 21, and may register at the Stanley William's home.

A Pillsbury pancake supper will be served Saturday evening, August 18, starting at 6 p. m. This will be a demonstration meal and promises to be an interesting affair.

Under The Cross Of Malta

Another meeting night has passed. Apparently everybody has been on vacation or else believed because the command was gone that there would be no meeting. Too bad.

The time has come for me to bid my farewell. It has been fun writing this column and I hope one of the comrades will take over. To Mrs. Semmler and her staff I wish to say, "Thank you" for your co-operation.

This weekend, every one of you comrades will have a job to do. Let's have some real co-operation. This is the first time the VFW has undertaken a task of this sort for several years. We used to be able to put a thing like this over the top. Now some of the old comrades have been forced into the background so it's up to us of the later war to see this thing through. How about it comrades?

At the circus Saturday nite, a pig will be awarded. I am told that the pig will make a very nice roast, or he can be grown out to make some nice hams and bacon.

The heifer calf that will be awarded Sunday night is a real prize. Her dam produced 569 pounds of butterfat last year, and her sire is one of the bulls that the Northern Illinois Breeders association have. Now this calf is just the right age for very fine veal, but if the person receiving her doesn't want her, just turn around and sell her to some farmer. She will make a fine addition to some farmer's herd.

So, this is farewell now.—Eino Saarela, publicity. P. S. A Square dance will be held on Saturday night, July 21. Music by Heger's band.

Editor's note: We will miss Mr. Saarela and enjoyed working with him. He was especially dependable and wrote good articles. We wish him and Mrs. Saarela success in their new home in Stillwater, Minn., and in his work there as tester.

Mokena VFW Post Sponsors Unusual Entertainment of High Class Variety

The end of this week will find the grounds surrounding the VFW hall on Wolf road in Mokena, a beehive of activity. And all because the VFW members are sponsoring a circus, right here in Mokena.

Those VFW members have a two-fold reason in so doing—first to bring an unusual entertainment to this territory which has never been here before, and

secondly, with equally good reasons, because by so doing they are hoping it will be so well attended so as to swell their treasury and in that way help to pay the indebtedness on their hall.

Everyone, far and near, is invited to attend this circus and see many acts by professional people. The accompanying article is a fascinating story about Tonio Alvarado, the founder and manager of the Wonder Circus.

WIZARD OF THE TIGHT WIRE

Tonio Alvarado, World's Master of Incomparable Balancing Techniques On A Thin One-Quarter Inch Tight Wire Brings His Own Circus to Mokena

A boyhood dream comes true for Tonio Alvarado. Like thousands of other boys, Tonio has always dreamed of owning his own circus. At a very early age he learned to love animals. Having been born on a cattle ranch in Sonora, Mexico, he became familiar with various types of wild animals and reptiles. He never liked to kill an animal. And even until this day he gives much time and effort to the study of keeping animals alive and comfortable in his circuses. But in regard to Rattlesnakes, there were so many out on the ranges that they had to be killed, Tonio states. "We used to rope the big ones from horseback and pull them along behind the horse, because a horse will give you a good ride with a Rattlesnake on his tail."

Alvarado believes he saw his first circus from the arms of his mother when he was about two years old. And he thinks the circus bug hit him then and there. Because he desired to be a part of a circus and to eventually own one has always been with him.

Although none of the Alvarado people were show people, Tonio attributes a great part of his success to his mother. "She has always been very anxious for me to attain the goal in anything I tried. And she has always cooperated to the fullest extent," Alvarado adds. "She insisted that I complete my schooling, which I am very appreciative for, as it has been of great value to me, even in a circus." Tonio is a graduate designer with a degree in Engineering from a Wisconsin university.

He started in the circus with his tight wire act at the age of twelve, after having practiced the art of wire walking for five years. His first job was with a small one ring Mexican circus from there he was imported to the United States to tour with a large American circus on the west coast. After many years of touring with various circuses and theatres and night clubs and of late several television shows, Alvarado is recognized as one of the world's greatest wire walkers. When asked about the Tight Wire act he explains, "The tight wire is the hardest and most difficult of the acts. In-as-much as it is difficult, it is extremely dangerous. The slightest slip or miss can cause disaster or painful injury. The wire is what

does you the damage. It is pull very tight with a ton and half tension and has a very fast steel spring on one end. When you fall on one end, the wire cuts your flesh with such intensity as to break bones. However after eighteen years I find the tight wire a great deal of fun. It is an art that has to be practiced daily if one wishes to maintain a professional standing. In so doing I never worry about gaining weight. I have been the same weight for twelve years. But the constant effort to balance on that quarter inch strand of steel, plays a terrific part on the nerve system. But of course the secret of the whole thing is to "keep the wire under you" at all times and you are ok."

After many years of study as to what the public wants to see in a circus, Alvarado thinks he has come up with a show that will appeal to all circus lovers. He does not believe as is the common belief of many circus owners, that if you are playing in the small communities where a large part of the populace are rural folks, that all they want to see are "animals". Alvarado believes that the rural folks are just like any other man, and that he can appreciate the arts of the acrobats, trapeze performers, clowns, wire walkers, jugglers, and balancers just the same as men from other walks of life. "But it is easily understandable for the rural folks to love animals, being a man of nature myself," Alvarado states. Never the less The Alvarado Wonder Circus has a fine selection of trained animals.

Alvarado's desire is to build his circus to the point where clubs can be formed in various communities, of boys and girls, to be called the "Circus Club." They can have a playground where the circus can come and play each year also a club house with circus atmosphere in the form of pictures, posters, books and monthly meetings with a professional circus act entertaining. The dues should be small and each membership will represent a share in The Alvarado Wonder Circus making every boy that wants to be "A Circus Owner".

The Alvarado wonderful wire act can be seen when the Circus plays at the VFW Grounds in Mokena, Saturday and Sunday, July 21 and 22. The circus is being sponsored by the Mokena Post of the VFW No. 725.

George Stephens of the Lazy J Ranch says: "The low cost my Ford Truck showed in the Economy Run speaks for itself. I got regular service checkups from my Ford Dealer."

"My ranch 'workhorse' runs for only 2 2/5¢ a mile!"

Ranch owner George Stephens proved for himself, in the big Economy Run, just how little it costs to run his Ford Truck!

"The Lazy J's Ford Express did itself proud in the Ford Truck Economy Run," says Stephens. "Daily records kept during the entire six months show that our Ford Truck ran up a total of 5,109 miles. My out-of-pocket expense for gas, oil, main-

tenance and repairs was exactly \$123.51 ... about a \$20 bill each month ... only 2 2/5 cents a mile!"

The Ford Truck POWER PILOT carburetion-ignition system is one reason why Ford Trucks cost so little to run, in ranch work or any work. The POWER PILOT gives you the most power from the least gas. In the low-price field, only Ford has it!

CIRCUS QUEEN IS 'ON THE BALL'

LA PASCO ON THE ROLLING BALL
UNIQUE BALANCING ANTICS OF

One of the loveliest and most talented girls to appear before the public in outdoor work in many a year is La Pasco. Her beauty, poise and striking blonde hair are reminiscent of the famous Betty Grable of the movies and more than one will mark resemblance. La Pasco has been trained in acrobatic work since she was a child of five years old, and the acclaim she is winning today has more than repaid her for the years of effort involved in attaining the present perfection of her art. She is well versed in all the high spots of her act when she propels her Globe up a ramp and at the top performs on a tetter-board. Her grace and gorgeous wardrobe makes her one of the most outstanding performers to be seen when the Alvarado Wonder Circus presents its dazzling program on Saturday and Sunday, July 21 and 22 at the VFW Grounds, Mokena for afternoon and night shows Sunday and evening show Saturday.

Troops In Germany

Stuttgart, Germany, July 12—Pvt. Cody Willard, a native of Joliet, is in the vanguard of the first American troops to arrive in Europe to augment General Dwight D. Eisenhower's Atlantic Pact forces. He is serving with the advance party of the famous Fourth (Ivy) Division, temporarily quartered in a huge tent city near Mannheim, Germany.

Pvt. Willard, 26, is assigned to the field artillery as a truck driver. Before entering the Army, he was a salesman. His wife, Mrs. Marguerite Willard, and son live at 36 Prairie road, New Lenox.

Called "Camp Y-79", the tent city operates as a staging area, receiving all Fourth Division men and equipment. Able to accommodate 18,000 men, it was erected in the midst of bombed-out buildings which once formed a gigantic German air base. The camp has its own telephone system, bus service, post exchange facilities, chapels, theaters and other recreational areas. Life in Mannheim, situated on the Rhine River and one of Germany's largest industrial centers, is bright despite heavy war damages.

Permanent stations for the Fourth Division, now part of Lt. Gen. Manton S. Eddy's Seventh Army, have not yet been announced.

"Just Been Thinkin"

Mysteries are all around us and I suppose that each of us, at some time or other, has tried to find an explanation for them. If you will notice (as I have noticed) you will learn that a child takes exactly the opposite approach to things which baffle his elders. His father looks at a plant and asks again and again "Why?" and "How?"; but the child smiles unquestioningly at a flower, with its coat of green and its cap of brilliant red, and finds therein

LITTLE BITS OF HEAVEN

Our children cannot sense how great The constellations are; For they have small conceptions of The wonders in a star. They must depend on tiny things Like starfish on a beach Or red geraniums to bring The Infinite in reach.

Are your tillage tools dragging their heels?

Dull, worn implements make tillage a tug of war. They can slow you down... make your tractor waste gallons of gas. Call us before you drag them another round. We have sharp disks, shares, and shovels that slice through hard soil. We can also lighten draft by replacing worn bearings and restoring original alignments. Team up with our IH parts and IH service to save time and slash your tillage costs.

Tinley Teens Drop First Game

by "Squebster"

Friday the 13th proved unlucky for the Tinley Park Sports men B team as they dropped their first Harvey Memorial YMCA league game 4 to 3 to the Blue Island Karmalcorn.

Karmalcorn didn't waste any time in getting at Jim Tomlinson as Jim Gary and Don Bruno opened the game with triples good for a 2 to 0 lead.

Tinley grabbed its first run in the third. Jim Tomlinson was safe on a fielder's choice and then proceeded around the bases on two errors.

Karmalcorn came back with a run in the third on three singles to lead 3 to 1.

The game then became a tight pitchers duel until the final 7th. Tinley came up trailing but put on a brilliant rally for the tying runs. Ken Webster Bob Fremder, and Jim Tomlinson walked, after one was out, loading the bases. Webster scored on the pitcher's error and Fremder scored on a walk to Tom Baptist.

Then came the last of the 7th and Joe Leff opened with a double to right. Kalath struck out, Gary walked, Bruno popped to short but Bob Sessa singled to center sending Leff home with the winning run.

Tinley Tops Markham 23 to 6

Sunday, July 15 Markham visited Tinley and was soundly thrashed 23 to 6.

Markham jumped to an early lead in the first half of the first inning when a walk, a stolen base and a single counted one run. Markham also scored two runs in the 5th, two in the 6th and one in the seventh for a total of six runs.

The Tinley Sportsmen came up with 24 hits for 23 runs. Included in the 24 hits was a home run by Rick, two triples, one by Rick and one by Anderson, and nine doubles. Three by Kuech, one by Anderson, one by Landau one by Rick and three by Nasebandt.

In the second inning Tinley had 10 men bat collecting five runs on five hits.

In the fourth inning the Sportsmen also had 10 men bat counting six runs on five hits and two hit batsmen.

In the eighth Tinley also had a big inning counting six runs on six hits and a walk.

Holm started for Markham and was replaced by R. Hopman at the end of the third inning.

Rump pitched for Tinley and gave up six runs on 12 hits and four walks while striking out eight Markham batsmen.

The Tinley Park Sportsmen are in first place in the Southwest Community League with an eight win and, no loss record.

On Sunday, July 22 Tinley will journey to Stickney to take the Stickney Falcons.

Game time 2:30 pm.

Carelessness CAUSES ACCIDENTS

Every factor for safety is considered in designing MM Modern Tractors, Machines, and Power Units but modern high speed farm machinery must have chains, sprockets, cutting devices and revolving shafts to do the job for which it is designed. It can be safe to work around, if the operator uses judgment and care. Accidents cause too much suffering, loss of time and money. Do your part to prevent them by always thinking of your own safety and the safety of others.
